

Promethean

The Complete Teaching Solution

Promethean aims to support schools in their drive to improve the quality and level of education.

The student, the individual learner, and the teacher are at the centre of everything Promethean does. Promethean supports teachers through technology, software and lesson support to help them in their critical role to motivate their Students in learning.

Promethean partners with teachers to create the dynamic environments that motivate students to learn.

The Promethean ActivPanel Touch enables teaching like never before:

- ActivGlide glass – exceptionally smooth, glare resistant glass, with no risk of finger burn - however long the lesson
- Lifetime licence of ActivInspire software to engage students
- HD display, crystal clear images in all light conditions and high quality sound - engage with students regardless of room size and seating
- Improved classroom management with freeze and blank functions
- Up to ten points of touch for group working and collaboration
- Extended size range now including 55" and 4K resolution 84" for any size of classroom
- 5 years warranty

Free access to promethean planet – an online community and resource hub providing educators with the tools, skills and resources needed to make the most of their time and energy
